

The Savings on ENERGY STAR® Clothes Washers Really Add Up

Only ENERGY STAR clothes washers that replace an existing clothes washer based on increased efficiency/tiers qualify for a rebate.

Savings below are based on an ENERGY STAR qualifying clothes washer — 20 percent better than the federal standard. Limit two rebates per customer, one per product category. Funds are limited. Rebates given on a first come, first served basis.

State Rebate (two levels available):

Efficiency Level of MEF \geq 1.8; WF \leq 7.5 \$100.00

Efficiency Level of MEF \geq 2.0; WF \leq 6.0 \$200.00

Manufacturer Rebate.....unknown

Operating Savings per Year* \$135.00

Total first year dollar savings (total will vary)... \$235.00-\$335.00

*Estimate only. Actual savings will vary.

Finance your purchase with a Dollar and Energy Saving Loan at 2.5% or 5% interest from the Nebraska Energy Office
