Clean Cities is a government-industry partnership sponsored by the U.S. Department of Energy's (DOE) Vehicle Technologies Program. With almost 90 local coalitions and more than 6,500 stakeholders, Clean Cities' mission is to reduce petroleum consumption in the transportation sector. The Nebraska Clean Cities Coalition is an emerging government-industry partnership dedicated to reducing petroleum consumption in the state's transportation sector. The coalition is sponsored by the Nebraska Energy Office, Nebraska Department of Roads, City of Lincoln Mayor's Office, City of Omaha Mayor's Office, Metropolitan Utilities District-Omaha and Black Hills Energy.
