Conventional Lighting	\$9.50
Conventional Showerhead	
Water and Sewer	\$22.00
Conventional Showerhead	
Water Heating	\$28.00
Lawn Watering	\$60.00
Monthly Total	\$2,241.32

Green Built Construction	
	Monthly Costs
Mortgage	\$2,076.84
Heating and Cooling	\$43.00
Energy Efficient Lighting	\$3.20
Low Flow Showerhead	
Water and Sewer	\$9.00
Low Flow Showerhead	
Water Heating	\$12.00
Lawn Watering	\$20.00
Monthly Total	\$2,164.04

Calculations are based on the following assumptions:

- Monthly mortgage costs calculated based on a 20% down payment, 6% loan financing over 30 years and do not include lot costs. Final mortgage costs may vary based on changes in loan closing costs and real estate fees.
- Utility cost estimates for showering assume four (4) residents in the home.
- Water, sewer and water heating cost estimates are associated only with showering and do not take into account other water, sewer and water heating uses in the home.
- Lawn watering cost estimates based on watering recommendations for bluegrass and tall fescue provided by the University of Nebraska Cooperative Extension.

Total Monthly Green Built Cost Savings: \$77.28

Green Building Nebraska Certified HomeSM is your assurance a new home has been built to exacting energy and environmental standards established by the State of Nebraska's Energy Office and constructed by a Certified Builder.

This information piece was partially financed through the Nebraska Department of Environmental Quality Litter Reduction and Recycling Program.
