

**SPEAKER:**

**Matthew Ringer**

National Renewable Energy Laboratory  
Golden, Colorado

**Technical Areas**

*The vouchers can be used in the following technical areas:*

- Advanced Manufacturing
- Bioenergy
- Buildings
- Fuel Cells
- Geothermal
- Solar
- Vehicles
- Water
- Wind

**What is it?**

Eligible small businesses with 500 employees or less can request a voucher for use at a National Laboratory valued between \$50,000 and \$300,000. The U.S. Department of Energy's Office of Energy Efficiency and Renewable Energy (EERE) is putting the world-class resources of the national labs at your fingertips with the Small Business Vouchers Pilot. Through 2016, EERE is providing up to \$20 million in vouchers so that small businesses can

request technical assistance from national labs to help bring the next generation of clean technologies to market.

**More Information**
